JUSTIN KLINE

SUMMARY

Motivated website designer, developer, graphic artist and tester with 20+ years of hands-on experience to include 5 years in a supervisory capacity. Equipped with a vast array of modern technical skills and a clear understanding of best website design practices and SEO, and eagerly poised to work/communicate with customers/clients, co-workers, and management to achieve business objectives and goals.

EXPERIENCE

Website Designer & Developer

StyleNet.com, Franklin, TN (2011-Present) [40 Hours per week]

Initiated/managed communications with 100+ customers to identify their business needs/problems affording me the opportunity to analyze their details and requirements and leverage my skills/experience to provide technical solutions based on best-practices within the customers' technical environments/constraints. Technical solutions deliverables based on defined business needs/requirement included:

- Developed and tested WordPress websites on a Multisite network for 100+ clients using the WordPress Content Management System (CMS), Themes, Plugins, and other integrations for online-booking, e-commerce, contact forms, etc.
- Designed, developed, tested, and modified companies' custom-CMS used by clients including PayPal integration, contact forms, etc.
- Performed monthly maintenance and content updates on clients' websites, using both WordPress and non-WordPress tools.
- Designed/created branding/logo designs/images and print design for flyers, booklets, brochures, apparel, etc.

Website Designer & Developer (Contract)

Epic Life Creative, Franklin, TN (2015-Present) [10-20 Hours per week]

Elicited business requirements/problems and provided deliverables including:

- Developed and tested dozens of WordPress websites using the WordPress CMS, Themes, Plugins, and other integrations for online-booking, e-commerce, etc.
- Performed monthly security theme and plugin updates including testing, domain management, etc.
- Created and developed websites within beta/test environments and deployed post-testing.

Website Designer & Print Designer (Contract)

Istra Creative/Choice Hotels, Rockville, MD (2012-2017) [40 Hours per week]

Elicited business requirements/needs and provided deliverables including:

- Designed/created customized-HTML Email newsletters.
- Designed/created branding/logo vector designs.
- Print design for business cards, brochures, miscellaneous print pieces.
